

Prayer for My Parents in Heaven

Dear God,

Thank You for Your divine influence in my life. Thank You for the beautiful family with which You blessed me. Father, today I miss my parents who have returned to You and I offer this prayer for them.

God, please help my parents know how much I love them. Tell them I am grateful for everything they did for me and everything they taught me. Please help them know that I appreciate them. Please pass the message along that I miss them. Help me feel their presence in my life so that I can find comfort in my mourning.

God, please help my parents. Help them know that they did a good job raising me. Help them know that I am so grateful for them. Let them know how loved they are by everyone.

As I mourn them, please bless me. Help me to remember the wonderful memories we made. Help me honor them with my righteous living.
